# SasView : A Small Angle Scattering Analysis Software Package

Standard data formats
Analytical model fitting w/ plug and play models
SESANS support
2D and magnetic scattering
P(r) inversion
Generic PDB scattering calculator
Many other tools
GPU support
Advanced Optimizers

Open, Collaborative, Community Development

Code is open source and publicly hosted at Github
Bug and Enhancement Ticket System – Trac
https://github.com/SasVIew   http://trac.sasview.org

Bi-weekly developer calls
Regular Code Camps
5 Year Roadmap
